The War At a Glance

GERMANY'S battering ram has pounded its way into Dixmude, Belgium, beating back the defending lines of the allies in what is believed to be the Kaiser's supreme effort to plow through to the sea.

This was partially counteracted by an advance of the allies along the Northern coast. It was announced today, in the course of which the allies seized Lombartzyde, and advanced still further.

Along the remainder of the battle line, says the French war office, there is no change, except for slight progress by the allies at a few points. The Berlin view of the situation, however, is optimistic.

PARIS ALSO OPTIMISTIC—Paris also is hopeful as to the outcome in Belgium. Military critics there take the view that the Germans are faced with the imperative necessity of defeating the allies in order that they may turn their attention to the menacing armies of Russia.

CROWN PRINCE HEADS COMMAND—The German crown prince is reported to have been placed in supreme command of the German and Austro-Hungarian forces in the east. Petrograd contradicts the German claim to an important victory along the Prussian border, asserting that a brilliant success has been won there and that the Russians have begun an invasion of east Prussia. On the southern end of the line, Cosackas are approaching Carpien, while the Russians have swept back several weeks ago, is said to have been completed for a second time.

RUSSIAN DISREGARD ARTILLERY—Few details of the fighting in the east are permitted to reach the outside world. It is said, however, that the Russians are employing new tactics, placing their main reliance on huge bodies of infantry rather than on their cavalry. With disregard of the German artillery, solid masses of troops are rushed against the positions of the enemy, leading to hand to hand fighting of a most desperate character.

TURKS CLAIM SUCCESSES—There were further indications today that the Turks were effecting determined resistance to the Russian advance. An official Turkish statement laid claim to considerable successes in operations in the Caucasus as well as on the Egyptian frontier. The Turks announced also that they had occupied the Egyptian position of El Arish, Egypt, a point on the Mediterranean near the boundary of Egypt and Palestine.

HEAVY FIGHTING CONTINUES ON SERBIAN SOIL. The Austrian government announced that its forces had made several important advances, repelling the enemy and capturing many prisoners.

ALLIED HOPE OF WAR—Japan is celebrating the fall of Tsingtau with an enormous demonstration in Tokyo. In recognition of the heroic defense of the German governor of Tsingtau was permitted to retain his sword and similar tribute to gallantry was paid by the British admiralty, which gave direction that all honours of the German cruiser Emden.

London, Eng., Nov. 11.—A conspiracy has broken out at Constantinople against the German and Young Turk governments, according to a dispatch to the Telegraph company. The chief conspirators were arrested and shot.

The population of the Ottoman capital, becoming very excited as a result of the Turkish defeats on Sunday, visited resentment on a number of German noncommissioned officers, who were attacked.

U. S. SEEKS ADVICES ON SUNKEN CRUISER RUMOR—Washington, Nov. 11.—The navy department today endeavored to get into communication with the United States cruisers North Carolina and Tennessee to learn if, as rumored, the North Carolina had been blown up by a mine at Beirut, Syria. So far as could be learned, the rumor originated in the United States.

Secretary of the navy Daniels said he did not fear the latest apprehension for the safety of the warship.

LOYALISTS KILL 120—London, Eng., Nov. 11.—A dispatch to the Reuters Telegram company from Pretoria says it is officially announced that on November 3 Col. Van Venter met the rebels at Zandfontein, 64 miles north of Pretoria, killing or wounding 120 and capturing 25. The Union forces were 12 men killed and 11 wounded.

CANADA CLOSES STRAIT—Ottawa, Ont., Nov. 11.—It was officially announced today that the western portion of Broughton strait near Vancouver island had been closed to navigation for purposes of defence. Shipping has been notified that vessels between Johnson strait and Queen Charlotte sound must take the Weyton passage and Black Fish sound.

MARINERVILLE MARRIES—Springfield, Mass., Nov. 11.—Walter J. Marinerville, shortstop of the world's champions, Boston National League baseball club, and Miss Elizabeth Round must take the Weyton passage and Black Fish sound.

MEXICANS HAVE FULFILLED REQUESTS

Carranza Promises Not To Reimpose Duties or Punish Veracruz People.

GUTIERREZ HAS MADE SAME PLEDGE

Date for Evacuation Not Yet Set; Week Needed For Withdrawal.

EL PASO, TEXAS, Nov. 11.—Train service from here to Mexico City was suspended today. Disturbed conditions near Mexico City were believed to be the cause. Service as far south as Monterrey and Saltillo will continue.

WASHINGTON, D. C., Nov. 11.—The United States is about ready to evacuate Veracruz, Mexico. All that remains is to fix the date and withdraw Brig. Gen. Frederick Funston's army from the Mexican port. This is the result of a decree by Venustiano Carranza promising not to punish Mexicans who have been in the service of the United States at Veracruz, and not to reimpose customs duties.

U. S. IS SATISFIED. Carranza's promises not to reimpose customs duties collected by American officials during the occupation, and to protect natives who have served Brig. Gen. Funston, probably will be accepted as sufficient.

The American officials have collected several millions in customs, dues which are to be turned over to the Mexican government. That fact is taken by many officials as a guarantee that the Washington government's demands will be complied with.

Decree Received in Washington. Copies of Carranza's decree were received today by the state department. It grants amnesty to Mexicans who served the American government in regard to their patriotic spirit in resisting the pretensions of the United States and trusting to the justice of Mexican government. Nothing is said about protection for nuns and priests who took refuge in Veracruz. Oral assurances, however, have been given that they would not be harmed and the general opinion in Washington is that the government will not argue that question further.

The understanding among officials is that President Wilson will withdraw the American forces, especially in view of the fact that a conflict of arms and Carranza troops in that vicinity might raise further embarrassing and delicate questions for the United States.

Grounds for Withdrawal. The American troops will be withdrawn on the grounds that the Aguascalientes convention favored Carranza to issue the decree which he has now proclaimed and all factions are agreed to support the condition set forth by the United States, a prerequisite to evacuation.

The impression prevails in many quarters that the United States will await the determination of which is the executive of Mexico, Gen. Carranza or Gen. Gutierrez—before delivering the funds.

Evacuation Will Require a Week. Brig. Gen. Funston, with the troops of the fifth brigade and the marine regiment remaining, has about 8000 men at Veracruz. The evacuation order is given, for time to move army transports and possibly charter merchant vessels. The fifth brigade troops may return to Galveston at the marine regiment probably will be distributed to the Guantamano camp and other stations.

MINOR LEAGUES MAKING MANY SHIFTS OF CLUBS—Omaha, Neb., Nov. 11.—It appeared today probable that the makeup of at least four leagues of the National association of professional baseball clubs would be changed next season. The Springfield club of the Three Eye league has been transferred to Rock Island. The Chicago league will have eight clubs if the present plans carry, but the new clubs have not been decided upon. The St. Paul franchise in the American association will probably be transferred to Chicago and St. Paul will play in the Western league, supplanting either Topeka or Wichita. The Northern league has two changes by view, Winona and Winnipeg. These latter changes, however, will not be ordered without a contest and may not be made at all.

There is every indication that Northwestern league will not play baseball next year, because of the European war.

MARINERVILLE MARRIES—Springfield, Mass., Nov. 11.—Walter J. Marinerville, shortstop of the world's champions, Boston National League baseball club, and Miss Elizabeth Round must take the Weyton passage and Black Fish sound.

Tending Wounded British Airman

Binding the wound of an English aviator who was shot while soaring above the German lines on the Yser.

TURKS CAPTURE EGYPTIAN FORT

Berlin, Germany, Nov. 11.—(By wireless.)—The Turks are meeting with considerable success in their operations in the Caucasus and on the Egyptian frontier, according to official announcement made by the Turkish government and given out in Berlin.

They have occupied Sheikh el Arish, El Arish, Egypt, and taken four field guns from the enemy. The Russians in the Caucasus have been forced to retire to their second line of defense.

"IF GREAT BRITAIN LOSES, CANADIANS WILL BE DEAD" New York, Nov. 11.—There is no doubt in the mind of the British people that the result of the present war, but should the British empire fall it would not affect any of us in Canada, for in that event we should all be dead and should know nothing about it," said Arthur L. Sifton, prime minister of Alberta, who was the guest of honor at a dinner of the Canadian club here Tuesday night.

"There is no sentiment of doubt that we must give every possible aid to carry the war to a successful conclusion," he continued. "It may be a matter of months, it may be a matter of years, but when the war is over Canada will be the winner."

KAISER TAKES PRIDE IN TSINGTAU DEFENCE—Berlin, Germany, Nov. 11.—(By wireless.)—Johannes Kaempf, president of the Reichstag, has received the following dispatch from emperor William: "The heroic defense of Tsingtau, that model settlement of German culture built with the labor of many years, brings new laurels to the spirit of faithfulness unto death which the German people have so often shown since their army and their fleet have been in defensive warfare against a world of hatred, envy and covetousness, a war which, if God will, will not be in vain."

MEXICANS CLOSE SECRET WIRELESS PLANT AT ENSENADA—Washington, D. C., Nov. 11.—The navy department was advised Tuesday that a secret wireless station at Ensenada, Lower California, has been ordered closed by the Mexican local authorities. The station, which was erected on Mexican territory close to the American border, is one of the several stations from which, according to British officials here, German cruisers in the Pacific and Atlantic have been receiving information concerning the whereabouts of English vessels.

BEAUTIFUL ROOM in new home, suitable for 2 gentlemen, walking distance, sleeping porch, if desired, no sick.

For further information of the above see page 10, column 3, of this paper.

PRINCE CAPTURED; 200 SAILORS ON EMDEN KILLED

Officers of Vanquished German Cruiser Are Allowed To Keep Swords.

THIRTY WOUNDED IN SEA FIGHT

LONDON, Eng., Nov. 11.—Capt. Von Maeller of the German cruiser Emden which was attacked by the Australian cruiser Sydney and driven ashore in the Cocos islands, where she burned, and prince Franz Joseph of Hohenzollern, one of his officers, are both prisoners of war and neither is wounded, according to an announcement by the admiralty this afternoon.

The admiralty adds that the losses on the Emden are unofficially reported as 200 killed and 20 wounded.

Prince Is Kaiser's Relative. Prince Francis Joseph, of Hohenzollern, is the second son of William, prince of Hohenzollern, head of the nonreigning branch of the house. He is 23 years old and a lieutenant in the navy. His sister, princess Augustine Victoria, was married last year to Manuel, former king of Portugal.

The prince and Capt. Von Maeller will like the other prisoners, be held until the close of the war unless advantage of an opportunity for an exchange of prisoners is taken.

German Princes' Gala Uniforms For Ball in Warsaw Were Useless

Petrograd, Russia, Nov. 11.—Royal princes of Germany, who had brought gala uniforms into Poland to celebrate the capture of Warsaw with a ball, to which invitations had already been issued, were bitterly disappointed. Warsaw was not captured, and the ball wasn't held.

The surprising arrival of Siberian reinforcements to the Russian lines turned the battle against Germany. This was part of Russia's strategic scheme. The Siberians had heavy artillery, outraging that of the Germans by nearly a mile. It completely routed the Germans.

ENGLAND KILLS GERMAN AS SPY

London, Eng., Nov. 11.—Carl Hans Lody, found guilty by court-martial of being a German spy, was executed in the Tower of London, it is officially announced. This is the first execution in the tower since 1799. Lody first claimed to be an American. Later he confessed he was a German naval reserve officer, detailed for espionage upon the British fleet. It is declared to be certainly known that he was in communication with superior officers in Germany.

He had lived in New York and Omaha. In the latter city he married the daughter of Gottlieb Storz, a brewer, who later divorced him.

Dies in Defiance. It is understood that Lody died bravely, refusing to the last to reveal the name of the superior officer from which he received his instructions to spy on the British navy.

The scene of the execution was the tower barracks not far from the spot where Anne Boleyn and other persons famous in English history were put to death.

Lody was about 28 years of age. He was employed as a guide by a tourist agency in New York and also worked for the Union Pacific railroad in September in London, charged with espionage, and at his trial testified that he was a former lieutenant in the German navy, but that he had been transferred to the reserves.

Lody said, he was ordered to go to England and keep track of the movements of the British fleet, but was warned not to do any spying. He was told to travel as an American citizen, "and in consequence of that I received an American passport," he said.

Fighting Is Very Severe. The French official statement this afternoon says that the fighting was resumed Tuesday morning with very severe fighting between Nieuport and the Yser. The French forces generally were successful in maintaining their front, but it is admitted that the Germans toward the end of the day succeeded in taking possession of Dixmude. The British troops are described as having repelled the enemy at several points. It is other points on the line the French claim slight progress.

The text of the statement follows: "On our left wing the fighting was resumed Tuesday morning between Nieuport and the Yser, with a very great degree of severity. Generally speaking, our front was maintained in spite of the violence and the strength of the German attacks directed against certain points of our line, and in some places the French claim slight progress."

Alles Occupied. Lombartzyde. "To the north of Nieuport, we were even able to occupy Lombartzyde and advance beyond this town, but toward the end of the day the Germans succeeded in taking possession of Dixmude. We still hold our position on the approaches to this town, along the canal from Nieuport to Ypres, which has been firmly occupied. The fighting was very hot at these places."

Britons Hold Firm. "The British troops, attacked also at several points, succeeded everywhere in stopping the enemy."

"On the rest of the front the general situation shows no change, with the (Continued on Page 2, Column 2.)

SUPREME EFFORT OF WAR WINS

Huge German War Machine Lunges Through Allied Lines and Town Falls.

ALLIES ADVANCE ALONG THE COAST

Take Lombartzyde and Go Still Further; British Resist Assault.

LONDON, Eng., Nov. 11.—Germany's supreme effort of the war has won success. In the face of the most determined resistance, the Germans have pounded their way into Dixmude, Belgium. The French and British were compelled to fall back from this important strategic point in the struggle for possession of the eastern shore of the British channel.

That as an effort, the allies advanced further along the coast, taking Lombartzyde, and moved still further. This is a small Belgian town a few miles northeast of Nieuport.

The war is now in its 19th day. The British war office believes that the German advance, which has been going on since the beginning of the week, is the most elaborate. Aeroplanes scouts have discovered that the Germans have turned the ground into what are virtual rabbit warrens, and can bury themselves well.

Germany's Supreme Effort. The capture of Dixmude was the first indication that the new attack of the Germans, described as their supreme effort and as probably marking a turning point in the war, had brought definite results. Between Dixmude and Ypres, which lie on the Dutch coast, has the French border. The fighting has been most intense, since the Germans, elected at the opening of the week to begin the new offensive, had the help of their reinforcements of fresh troops and new artillery. On Oct. 15, during the German advance on Ostend, the Germans captured Dixmude, but later were compelled to fall back. The allies gained possession of the town temporarily, but their presence there was challenged repeatedly by the Germans, resulting in some of the most important sanguinary fighting of the war. Whether the German victory will have an important influence on the outcome is not as yet disclosed.

Fighting Is Very Severe. The French official statement this afternoon says that the fighting was resumed Tuesday morning with very severe fighting between Nieuport and the Yser. The French forces generally were successful in maintaining their front, but it is admitted that the Germans toward the end of the day succeeded in taking possession of Dixmude. The British troops are described as having repelled the enemy at several points. It is other points on the line the French claim slight progress.
